THE MAGAZINE OF WESTERN LIVING

INDEX TO ALL EDITIONS • JANUARY 1965 TO DECEMBER 1965

HOW TO USE THIS INDEX

SUNSET *is published each month in four editions:* Northwest edition for Washington, Oregon, and Idaho; Central edition for northern and central California, Nevada, and Utah; Southwest edition for coastal Southern California and Hawaii; Desert edition for southeastern California, southern Nevada, and Arizona. Because of the climate and other differences, many SUNSET articles run in only one or two of the four editions.

You can tell which edition of SUNSET *you read* by looking on the front cover of the magazine. Near or within the bottom of the capital letter S in SUNSET you will see one, two, or three diamonds, or a D. Three diamonds ◆◆◆ mark the Northwest edition; two diamonds ◆◆ the Central edition; one diamond ◆ the Southwest edition; and D, the Desert edition.

In the index listings, N denotes Northwest edition; C, Central edition; S, Southwest edition; and D, the Desert edition. The word "all" tells you that an article has appeared the same month and page in all four editions. Index listings are written as follows: May 76 N, C (May, page 76, Northwest and Central editions).

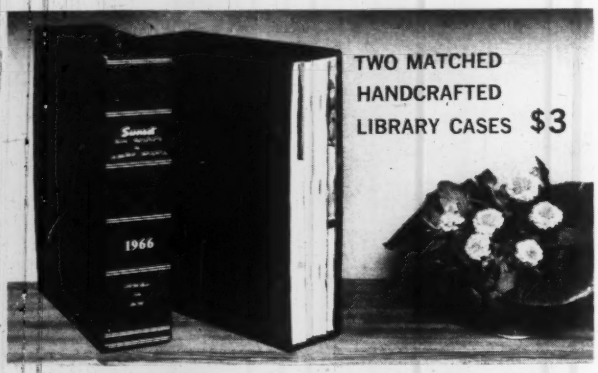
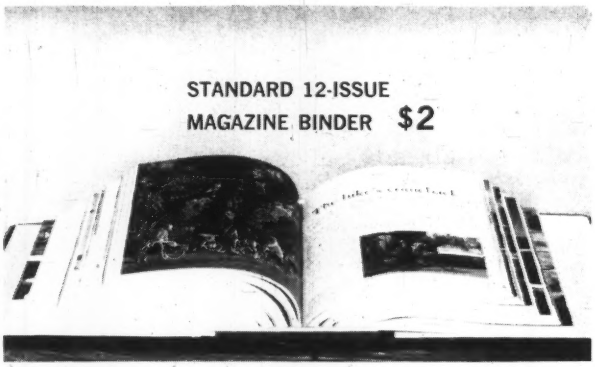
Here is a new and inexpensive way to save and *use* a "years worth" of SUNSETS. Each sturdy cardboard file (you receive two) holds 6 issues ready for reference. Copies slide in and out — stay neat.

Each file assembles in just seconds and will last for years. Use on your bookshelf or in the kitchen or workshop — anywhere you need and use SUNSET. Price includes an index with *each pair* of magazine files.



A beautiful addition to your library, this pair of cases is covered in dark green leatherette. Cases are assembled and ready to use — copies slide in and out easily. Each case (you receive two) holds 6 issues and is gold imprinted with the year you specify.



Over 120,000 of this popular SUNSET binder have been sold. Magazines are inserted quickly and held firmly in place. Each binder holds 12 issues and opens flat for easy reference. Covered in dark green leatherette, binders are imprinted with the year.

Now, 3 ways to save your copies of *Sunset*

Whichever of the above storage systems you choose, your SUNSETS will become more valuable to you. Copies are kept together neatly and attractively, ready to use. Select the kind which suits your needs.

MAGAZINE FILE orders should specify the number of pairs (a pair holds 12 issues) and the year of the index you wish with each pair. But *no year* need be specified for the files as they are not imprinted and may be used for *any* year. One pair magazine files, plus one index: $1.

LIBRARY CASE orders should specify the number of pairs (a pair holds 12 issues) and the years you wish imprinted. One pair library cases: $3.

BINDER orders should specify the number of single units desired (each binder holds 12 issues) and the years you wish imprinted. One binder: $2.

Imprinting of library cases and binders is available for any year beginning with 1950 (up to and including the current and next year always available).

Indexes are available for each of the past ten years (indexes are included in the price *only with magazine files;* ordered otherwise, 25¢ per index).

PLEASE NOTE

California residents, please add 4% sales tax on all orders.

Add 50¢ postage on binder, case, or file orders *outside* Washington, Oregon, California, Arizona, Nevada, Idaho, Utah, and Hawaii.
